THE SEABREEZE

Hamptons meets coastal elegance on this narrow cottage lot. The design inspiration for this home originates from it's Fremantle heritage style elevation.

It features a striking cobblestone exterior, bullnose verandah and fresh white trims. The interior captures all of the calming elements of seaside living, light, muted and earthy tones throughout give it a feeling of peace and relaxation.

This 3 by 2 home has features aplenty from the stunning herring bone pattern timber flooring, to the double sided fireplace in the Lounge and Dining, not only decorative features but both provide a stylish and ambient feel to the home.

The Master Bedroom feels like it's own little retreat within the home. It is located at the rear and has been designed with generous storage and spacious Ensuite to suit.
